

## ToC prepared with client to communicate the outcomes of the evaluation

### Strengths:

- Produced by the evaluators in consultation with the client
- Client took over the design and wording of the last version with multiple visuals
- The ToC was integrated with highlights of the evaluation findings

### Weaknesses:

- Assumptions were specified at an overall system level as causal connections could only be inferred

Langs Hub and Family and Children Services of the Waterloo Region (2017). [Community hub evaluation.](#)
